

How To Care For Your Recorder

1. Label your recorder and the case with a permanent marker. That way, if you leave it somewhere, it can be returned to you.
2. After playing, wipe the moisture from the inside of your recorder with a small piece of cotton cloth tied onto a cleaning rod. Do NOT use tissue or paper towel because these will fall to pieces inside your recorder and would be very difficult to remove.
3. Clean the mouthpiece of your recorder with an old toothbrush or a pipe cleaner. It is important to keep the mouthpiece clean.
4. Plastic recorders can be washed in the dishwasher or in warm, soapy water once in a while.
5. If your recorder is hard to take apart or put back together, you may use a little joint grease or petroleum jelly on the joints.
6. Keep your recorder in its case when you are not playing it.

NOTE: If you are playing a wooden recorder, it will need to be cared for in different ways. Talk to your teacher before doing anything to a wooden recorder.
